150 ROAD LOCOMOTIVE PHOTOS – (FROM FACEBOOK)

2021 Show Review

"She's a BIG one!" "Impressive isn't it?!" "WOW!" I am sure many of us heard or expressed superlatives like this during our 68th Annual Show – all about Kory Anderson's 150 HP Case Road Locomotive.

While the 150 Case was definitely a highlight and attraction to our show this past year, many other features were a significant part of our show as well. On these pages, you will find numerous tidbits and pictures of happenings on the show grounds in the last couple of months, as well as announcements about future plans and ideas.

2021 Draft Horse Show

Your directors are already finalizing details for the rapidly approaching Draft Horse Show on October 9th. This is shaping up to be an enjoyable day, with many horse/owner teams looking forward to the events!

Administration Building Update

As we look ahead to the future, we are working on collecting grants and funds for the new Administration Building, as well as considering other ideas for continuing to grow and develop our show and grounds for future generations to enjoy!

Upcoming Shows

We are also working on themes and highlights to focus on for upcoming shows – 2022 will focus on Military Vehicles & Accoutrements, 2023 will feature Hart-Parr and Oliver tractors, and we have just been unanimously selected to host the 2025 Rumely Products Collectors Expo.

We Need YOU!

Regardless of whether can help maintain or operate equipment, donate money, or even type information in a computer, we can readily find something for you to do year-around! Just ask us how!

New Administration Building

The Tri-State Antique Engine and Threshers Association is pleased to announce the construction of their new Administration Building! This building was first proposed by Mr. Howard Raymond of Wellfleet, Nebraska, as a reference library for his extensive collection of agricultural literature, farm equipment advertising, and owners' manuals and guides for various agricultural implements and products. The idea quickly grew to also include a year-around office, ADA-compliant bathrooms, multi-purpose room, and museum space all under one roof.

This much needed 40 x 80-foot Administration Building is slated to have concrete flooring, overhead lighting, and be climate-controlled through heating and air-conditioning units. Mr. Raymond has donated the proceeds from the sale of 22 head of cattle as seed money for this project, and we have received an additional \$4,000 grant from the Cheyenne County

Kansas Community Foundation's *Cheyenne County Impact Fund*, and a \$5,000 grant from the Cheyenne County Kansas Community Foundation's *Hansen Community Grant*, a grant fund established by the Dane G. Hansen Foundation to assist with local projects within Cheyenne County. We are still actively applying for grants and accepting donations towards this project, along with any volunteer help who will be crucial to completing many aspects of this project!

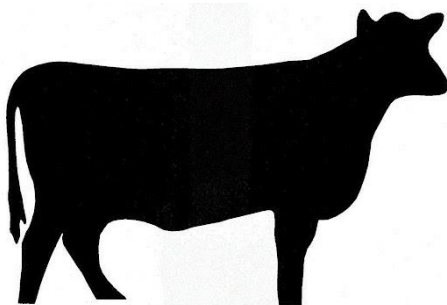

GRANT RECIPIENT

For more information, please contact Tri-State Antique Engine and Threshers Association President Dennis Wright at 785-734-7044 or email the Association at thresherassociation@gmail.com.

Beef Bundle Raffle

300 Pounds of Ground Beef has been donated to the Association.

Your directors decided to use a portion of the beef for a raffle. There will be 3 – 50 pound bundles raffled at our horse show on October 9th. Tickets may be purchased at 1 ticket for \$5 or 5 tickets for \$20 from any Association Director or Officer leading up to the raffle at our Draft Horse Show.

The remaining beef will be used for fundraising meals to be held throughout this upcoming winter. Information will be posted as plans are made. Keep a watch for flyers in your email inbox, on our website, and on our Facebook page!

Operators Needed!

HAVE YOU EVER CONSIDERED OPERATING OR PREPARING A TRACTOR FOR THE SHOW? TOO AFRAID TO ASK?

WE ARE ACTIVELY SEARCHING FOR ASSISTANCE IN SHOWCASING MORE OF OUR TRACTORS DURING THE SHOW! ALL THAT IS MISSING FROM THE SEATS OF THESE TRACTORS IS YOU!

CONTACT AN OFFICER LISTED BELOW FOR MORE INFORMATION.

Membership Roll...

Welcome to our NEW Members!

We are thrilled to welcome 88 new members to the Tri-State Antique Engine and Threshers Association! You are the backbone of our group, as together we strive to showcase our culture and agricultural heritage on the High Plains of Western Kansas! Also, we have received a significant number of our Annual Newsletters that we mailed out back due to incorrect addresses. If you missed receiving a newsletter in June (see our "Oops" on the next page!), please let Secretary Will know so that we can make certain we have your correct address!
